

FISCAL NOTE

TO: Chief Clerk of the Senate
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: February 20, 1995

SUBJECT: **HB 303 - SB 708**

This bill, if enacted, will amend the law relative to emergency communications districts and extend the authorized emergency telephone service charge to users of cellular telephone service in the district who reside or have business locations in the district.

The fiscal impact on local governments from enactment of this bill in and of itself is estimated to be minimal since the provisions of the bill are permissive.

Increased revenues to local governments will depend upon the extent that this service charge is levied on cellular telephones; however, a reasonable estimate of this increase cannot be determined but is estimated to exceed \$500,000 if most local governments authorize such service charges.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink, reading "James A. Davenport". The signature is written in a cursive, flowing style with a large, stylized initial "J".

James A. Davenport, Executive Director
